OL 2 2140

**Question:** Can you give us a status report on the Agency's plans to construct a new building? Have any requests been made for authorization of funds for construction?

**Answer:** The Final Master Plan for Headquarters was approved by the National Capital Planning Commission in January 1982. The selection process to choose a design firm for the new building is now underway. The goal is to award a design contract on 1 October 1982 when \$2.8 million in FY-83 funding becomes available. No requests for construction funding have been forwarded. However, it is anticipated that construction funding will be included in the final FY-84 budget submission.
